Hi Raven,

Our EPA team met with this group of constituents in early June and responded to their last email on Friday, June 10 by stating that we are investigating their concerns and will circle back. I am about head out on leave, but I am copying my colleague Julia if you have any follow-up questions.

Good afternoon Sonam,

I hope you are doing well. I am writing in regards to our previous inquiry regarding All American Asphalt. The group of constituents has once again contacted our office for assistance regarding the issue. They mentioned that everyone has stopped responding to their correspondences. Please see the attached. Can you confirm if the issue is currently being investigated as they state?

Thank you,

Subject: Congressional Inquiry: All American Asphalt

Hello,

I hope this email finds you well. I am contacting you from the Congressional office of U.S. Senator Alex Padilla (D-CA). Please see the Privacy Authorization Form and supporting documentation from our constituent, Kim Konte of Non Toxic Neighborhoods organization. The organization has reached out to our office regarding a ongoing public health crisis plaguing Orange County. All American has been in business in Southern California for over 40 years. They started as a trucking company and have now evolved into a material production and construction company. With five asphalt plants located in Westminster, Corona, Irvine, Irwindale, and San Fernando along with an aggregate producing facility in Corona. The company has gained many complaints regarding a strong smell that has made residents ill. The Non Toxic Neighborhood organization along with community leaders are seeking to find a solution to this ongoing issue.

Please give this inquiry your full and fair consideration with all applicable rules, regulations, and laws set forth. If you have any additional questions, please contact me directly via email at raven_thrift@padilla.senate.gov or telephone [213-248-0717](tel:213-248-0717).
